CLAIRE ROSENBAUM

CURRICULUM VITAE

Claire is a Psychology graduate with extensive experience of working with a wide range of complex disabilities. Both in her role as Case Manager and as Assistant Psychologist she has worked with clients who have experienced traumatic brain injuries, have chronic progressive conditions, learning difficulties, and ongoing mental health issues; including anxiety, depression, and addiction.

Claire currently works as an Assistant Psychologist and has been providing clients with support and psychoeducation sessions. Through her practice Claire can demonstrate a wide range of academic and applied skills in her Psychology assistant work, working closely with clients and their families and ensure person centred planning throughout.

Prior to working as a psychology assistant, Claire worked in a specialist independent college where she coordinated programmes for people with varied and complex neurological disabilities, including traumatic brain injury. This role provided her with a wealth of experience liaising with families, statutory services, multi-disciplinary teams, completing initial assessments, setting targets and training support staff.

Additionally, Claire works as a Brain Injury Case Manager. This post involves providing ongoing coordination of the community rehabilitation for clients with complex, clinical needs.
